

Wollombi Road Upgrade: Upcoming driveway closure

08 October 2025

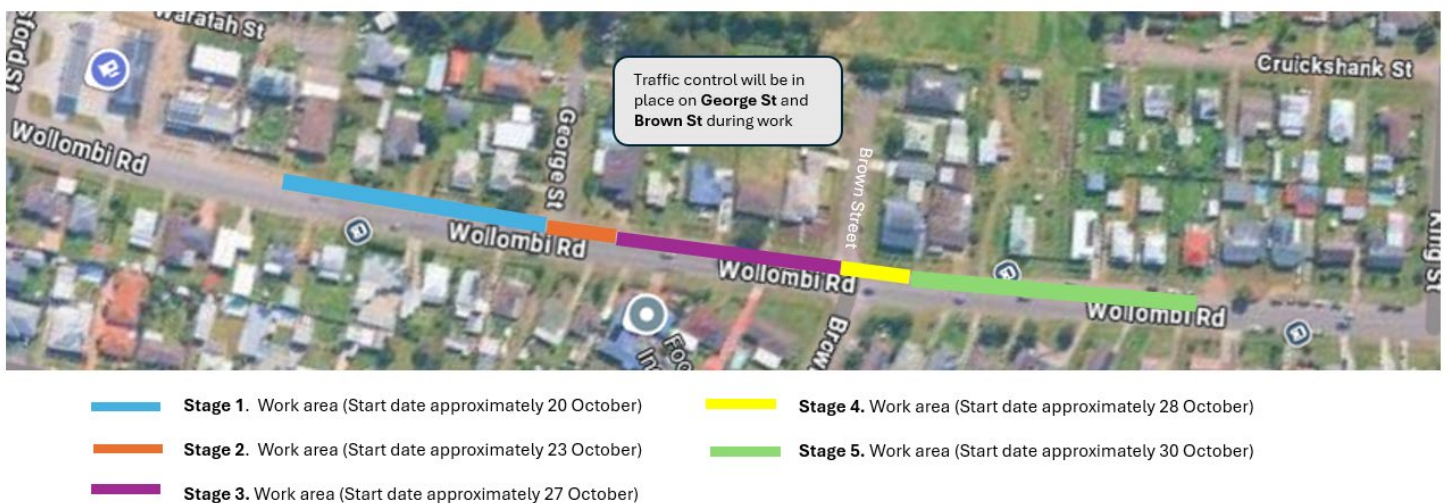

Dear Resident,

Work on the Wollombi Road Upgrade Project is progressing in your area and in order to complete upcoming essential work we will need to temporarily block access to your driveway.

Work will include temporarily removing on-street parking from **Wednesday 15 October** while crews set up the work area and new temporary fencing.

Between Monday 20 October and 30 October trenching work for the new water main connection and reinstating the road will begin. **Unfortunately, this means that you will not be able to use your driveway for up to 5 days while this work is under way (weather permitting).**

Work will be done in stages and we will keep you up to date when your driveway access will be impacted. The below map includes an approximate timeframe for the work.

Pedestrian access will be maintained where possible and emergency and postal services will have access as required.

We understand that this may cause inconvenience, and we sincerely apologise for any disruption this may cause to your daily routine. You can call the project team on the below number to discuss the works in more detail and to help you plan around these temporary access changes.

We will be working to complete the work as quickly as possible and minimise any disturbance to you and your neighbours. If there are any changes to the closure dates noted above, we will let you know as soon as possible.

Alternative street parking

To help you plan ahead, we kindly ask that you make alternative plans for your travel requirements during the above dates. This includes moving your vehicle to street parking or

to a side street ahead of the work. The closest side streets for parking include George Street and Brown Street.

Garbage collection

Please ensure that your bin is labelled with your property number and place your bins out by 5am the morning of collection. Our team will ensure they get emptied and returned. If any changes occur, we will let you know in advance.

Contact information

If you have any questions or concerns, or if you need to discuss special arrangements, please don't hesitate to reach out to our Community Liaison Team by calling 1800 290 991 or by email at wollombiroadupgrade@symal.com.au

Thank you for your understanding and cooperation. We appreciate your patience as we complete this important work.

Kind regards,

Wollombi Road Upgrade Project Team
Symal Infrastructure

FAQ – Upcoming driveway closure

How will deliveries and services (e.g. mail, garbage pickup) be affected?

We are coordinating with service providers to minimize disruptions. If you are expecting deliveries, please notify them in advance.

Will my insurance cover me if I am not parked in my driveway and my car is damaged or stolen?

Your insurance coverage depends on your specific policy. If you have comprehensive coverage, your vehicle is generally protected against theft, vandalism, and weather-related damage, no matter where it's parked.

If you only have liability coverage, damages to your own vehicle (including theft) may not be covered.

Some insurers require notification if you're parking in a different location for an extended period. It's best to check with them to ensure continued coverage.

If possible, choose a well-lit, secure parking area to minimize risk while your driveway is unavailable.

What if my car gets stolen or damaged when it is parked outside my property?

If your car is stolen or damaged while parked outside your property, your insurance coverage will depend on your policy. To ensure coverage while your driveway is closed, consider reviewing your policy or contacting your insurer.
