FEES & CHARGES

Council provides a wide range of services to the community and has adopted a number of fees and charges. Each fee or charge is reviewed annually and determined on the basis of one or more of the following criteria:-

A	<i>Nil Cost Recovery</i> - There is no charge for these types of items. All costs associated with this item are met from either general revenues, grants, contributions or various combinations of same.
B	<i>Minimal Cost Recovery</i> - The price for these is set to meet a small contribution towards the cost of the item. The majority of the cost of this item is met from either general revenues, grants, contributions or various combinations of same.
C	<i>Majority Cost Recovery</i> - The price for these items is set to make a substantial contribution towards the cost of the service.
D	<i>Full Operating Cost Recovery</i> - The price for these items have been set to cover the operating cost of providing the item.
E	<i>Full Cost and Partial Capital Cost Recovery</i> - The price of these items is set to recover annual operating costs and make a contribution to the cost of replacement of the infrastructure assets utilised in providing the item.
F	<i>Regulatory Fees</i> - the price charged for these items is a statutory charge set by legislation.
G	<i>Market Competitive</i> - a) the service provided is in competition with that provided by another Council or agency (private or public) and there is pressure to set a price which will attract adequate usage of the service; and/or b) the service is a profit making activity and the price paid by users should recover an amount greater than the full cost of providing that service.

REDUCTION OR WAIVER OF FEES & CHARGES

Section 610E of the Local Government Act 1993 allows Council to waive payment of, or reduce, a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined.

Council has determined the following categories:

Hardship – where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their particular circumstances.

Charity – where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services to the community of the Cessnock local government area.

Not For Profit – where the applicant is an organisation that holds “not for profit” status and the fee is for a service that will enable the achievement of their objectives and betterment for the community of the Cessnock local government area and where the payment of standard fees or charges would cause financial hardship.

Commercial – where the Council, or its contractor, operates a service and reduction of the fee is required to compete in the market.

Non-Provision of Service - where the Council is unable to provide a service or venue that has been previously agreed upon and an appropriate discount, fee waiver or substitution is required as compensation.

Filming related activities - applicable fees and charges may be waived or reduced for productions undertaken in the local government area where the production’s purpose relates to charitable, educational or community-based, non-commercial activities or where the production’s primary purpose is to highlight the local government area as a tourist destination.

The following principles will be considered when applying any reduction or waiver of a fee or charge:

- Compliance with statutory requirements
- Fairness and consistency
- Integrity
- Equity
- Transparency
- Commercial imperatives

The Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with these principles.

Council may also endorse a reduction or waiver of fees and charges to organisations as part of Council’s grants and sponsorships arrangements.
